ARTICLE 2 – Role of the Board of Directors

The Board of Directors determines the strategic directions of the Company’s activities and oversees their implementation, in accordance with its social interest, considering the social, environmental, cultural and sports issues of its activity. Subject to the powers expressly granted to shareholders’ meetings and within the limits of the company’s object, it involves itself in any question relating to the Company’s successful development and, through its deliberations, decides upon matters involving the Company.

The Board of Directors carries out the checks and inspections which it deems appropriate.

ARTICLE 3 – Composition of the Board of Directors

The Board of Directors is composed of a minimum of three members and a maximum of eighteen members.

Each Director must own at least one company share.

The term of office of Directors is six years. However, in order to allow a staggered renewal of the Directors' mandates, the company’s regular general meeting of shareholders may, on proposal of the Board of Directors, appoint or renew one or more Directors for a period of four or five years.

Directors are always eligible for reelection. Directors must not be more than 80 years of age.

Unless otherwise decided by the Board of Directors, Directors are considered as independent if they meet all the independence criteria recommended by the corporate governance code to which the Company refers.

ARTICLE 4 – Information of members of the Board of Directors

The Chairman or Chief Executive Officer of the Company is responsible for distributing to each Director, or for making available to each Director, all documents and information required for the fulfillment of the Director’s duties, within a sufficient time frame before Board of Directors’ meetings.

A minimum of three to five days is recommended for the distribution or making available of said documents and information.

Each Director must ensure that he or she has obtained all of the necessary information, and in sufficient time, regarding the topics to be discussed at Board of Directors’ meetings and, should it be deemed useful, must request any additional information from the Chairman or Chief Executive Officer of the Company.

Moreover, where warranted by the Company’s current activities, the Chairman or Chief Executive Officer of the Company may, between Board of Directors’ meetings, provide all Directors with any required information within a sufficient time frame.

The Board of Directors meets at the Company’s registered office, or at any other location indicated on the meeting notice.

Convocations of meetings are carried out via all methods and within a sufficient time frame. The Board of Directors may validly deliberate, even if a meeting convocation has not been issued, if all Directors are present.

The Board of Directors may validly deliberate only if at least half of its members are present. Decisions are taken based on a vote by the majority of the members present or represented. If a vote is equally divided, the Chairman shall have the deciding vote, except in the event whereby the issue involves the proposed appointment of the Chairman of the Board of Directors.

For the purposes of calculating quorum and majority, where authorized by law, Directors participating in a meeting of the Board of Directors by way of videoconferencing or telecommunication methods shall be deemed present.

Each Director may, in writing, appoint another Director to act as his or her representative; with the stipulation that each Director may only represent one Director, and that each power of representation may only be granted for a specific meeting of the Board of Directors.

The Board of Directors distributes among its members as it sees fit, under the conditions provided for by legal provisions, the annual fixed sum that the Company's regular general meeting of shareholders has allocated to the Directors in remuneration for their activity.

This distribution takes into account the performance of the Director's mission but also his actual presence at meetings of the Board.

Each Director may receive a maximum of fifteen thousand (15,000.00) euros per year in remuneration for its activity, so long as this amount remains within the limit determined by the Company's regular general meeting of shareholders.

This remuneration is composed of:

- a fixed portion of ten thousand (10,000.00) euros, half of which shall be paid out during the month of January (in remuneration for the months from January through June), and half of which shall be paid out during the month of July (in remuneration for the months from July through December); and,
- a variable portion, proportional to Directors' participation in Board of Directors' meetings held between January 1 of year n and December 31 of year n, which may represent up to fifty percent (50%) of the fixed portion. This variable portion shall be paid out during the first three (3) months of year n+1. The variable portion shall be calculated as follows:
 - For participation less than or equal to 50% of Board of Directors' meetings: no payment for the variable portion; or
 - For participation between 50% and 75% of Board of Directors' meetings: payment of two thousand (2,000.00) euros; or
 - For participation greater than or equal to 75% of Board of Directors' meetings: payment of five thousand (5,000.00) euros, that is to say the maximum amount which may be allocated for the variable portion.
